

**Pathophysiology 2024-2025**  
**International faculty (Dentistry)**  
**Lectures in spring semester**

	<b>Theme</b>	<b>Tuesday 10:30-12:05</b>
1	Inflammation.	11.02
2	Inflammatory periodontal diseases	25.02
3	Acute phase response. Fever. Hyperthermia	11.03
4	Immunopathology	25.03
5	Intolerance in dentistry	08.04
6	Pathophysiology of red blood, white blood	22.04
7	Pathophysiology of WEB and ABB	06.05
8	Pathophysiology of mineral balance. Pathogenesis of caries	20.05

30.01.2025

Зав. кафедрой профессор

Ж.М.Салмаси

Ответственная за работу  
с иностранными студентами доцент

Т.Ю.Ручинская

# Spring 2024- 2025

## Dentistry

№	Тема занятия	Monday	Friday
1.	Introduction in the science of the pathophysiology	03.02	07.02
2.	Cell injury. Markers of cell injury	10.02	14.02
3.	Disorders of microcirculation. Features of periodontal blood supply	17.02	21.02
4.	Inflammation. Vascular changes. Mediators of inflammation.	24.02	28.02
5	Inflammation. Odontogenic inflammation. Inflammatory periodontal diseases (gingivitis, periodontitis, abscess)	03.03	07.03
6.	Acute phase response. Fever. Hyperthermia.	10.03	14.03
7.	<b><i>Colloquium 1. Inflammation. Acute phase response. Fever</i></b>	17.03	21.03
8.	Immune response. Immunodeficiency diseases.	24.03	28.03
9.	Hypersensitivity type I. Allergy.	31.03	04.04
10	Hypersensitivity types II, III, IV. Intolerance in dentistry.	07.04	11.04
11	<b><i>Colloquium 2. Immunopathology.</i></b>	14.04	18.04
12	Pathophysiology of hemostasis, Oral manifestations	21.04	25.04
13	Pathophysiology of red blood. Oral manifestations	28.04	<b>02.05</b>
14	Pathophysiology of white blood. Oral manifestations	05.05	<b>09.05</b>
15	<b><i>Colloquium 3. Blood pathology.</i></b>	12.05	16.05
16	Pathophysiology of Water-electrolyte balance and Acid-base balance..	19.05	23.05

Зав. кафедрой, профессор

Ж.М. Салмаси

Зав. учебной частью, доцент

Г.П. Щелкунова
